From: Legat, Rome (94-2)
Subject: "MASTERS OF DECEIT"

Re Rome lets dated 10/20/60, 12/6/60 and Bulet dated 11/9/60.

Mr. Alfred V. Boerner, Chief of the U.S. Information Agency in Rome, advised on 3/10/61 that he had authorized his office to purchase 500 copies of the Italian version of "Masters of Deceit." He stated in this connection that he had contacted Editore Sugar in Milan, Italy, and had advised in writing that he would guarantee the purchase of these books.

USIA in Rome is also preparing for publication an Italian version of the Director's article captioned "One Nation's Response to Communism" and the three articles prepared by the Director and published in "Christianity Today" captioned "The Communist Menace." Legat, Rome has been assured that sufficient copies of both of the above-mentioned articles will be made available for wide distribution throughout Italy. All contacts of the Rome Office will be personally furnished copies of these articles.

As of interest to the Bureau, the Rome Office has distributed more than 150 copies of Don Whitehead's book "The FBI Story." This book was also translated and published by Editore Sugar in Milan and is now in its fifth printing.

The Bureau will be kept advised of developments with reference to the above matters. It is expected that "Masters of Deceit" will be ready for publication in Italian sometime during September, 1961.

Dear Mr. Hoover:

After reading Masters of Deceit and becoming frightened at the growth of communism even in our vicinity, we, as young Americans, have resolved to do our utmost to preserve the basic freedoms of this country. We consider you to be the foremost enemy of communism in the United States and thus would sincerely appreciate your suggestions as to how we can best achieve our purpose.

We would like to see Masters of Deceit printed per se in article form in many of the leading newspapers in our section of the country. We desire your consent and advice concerning this project.

It is our prayer that your efforts against communism will inspire others in our nation, as it has us, to destroy this evil.

Sincerely yours,

Dear [Redacted]

I have received your letter of March 12, also signed by [Redacted] and I deeply appreciate your kind sentiments regarding "Masters of Deceit." The book was written in the hope it would become an easy-to-read reference for students and other Americans interested in learning more about the real nature of communism. Letters such as yours are most encouraging.

I, of course, have no objection to your proposal that the book be reprinted in newspapers in your area. The ultimate authority, however, for an undertaking of this nature must be given by the publisher, and it is my suggestion that you correspond with Holt, Rinehart and Winston, Inc., 383 Madison Avenue, New York 17, New York.

In view of your interest, I am sending, under separate cover, some material regarding the threat of communism which you may find of value.

Sincerely yours,

J. Edgar Hoover

"God Bless You"

Dear friend:

I know of no wish, that could be more deserving for you, and there is no way that I could express my feelings for you— with more sincerity of heart than just to say God bless you.

My words could wish all your cares a little lighter I could send you greeting cards to make your hours brighter I could express a feeling of good luck or human understanding.

But to me, the greatest wish is that of God's blessing and so, friend, I say God bless you — in your every thought, word and endeavor May His loving care and grace be yours now and forever.

The Man in the Glass

(Anonymous)

When you get what you want in your struggle
for self

And the world makes you king for a day,
Just go to a mirror and look at yourself,
And see what THAT man has to say.

For it isn't your father or mother or wife
Whose judgment upon you must pass;
The fellow whose verdict counts most in your
life

Is the one staring back from the glass.

Some people may think you a straight-shootin'
chum

And call you a wonderful guy,
But the man in the glass says you're only a bum
If you can't look him straight in the eye.

He's the fellow to please, never mind all the rest
For he's with you clear up to the end,
And you've passed your most dangerous, difficult
test

If the man in the glass is your friend.

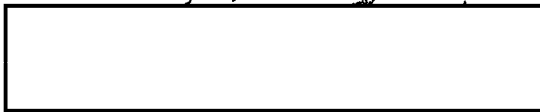

You may fool the whole world down the path-
way of years

And get pats on the back as you pass,
But your final reward will be heartaches and
tears

If you've cheated the man in the glass.

It has been my pleasure to read your recently published letter to the Editor of the "Wichita Falls Times" concerning "Masters of Deceit."

I want you to know that I am indeed encouraged by the knowledge that you so strongly approve of my book and have instructed your students to review the installments of it in the newspaper. An informed public is one of our best defenses against the communist menace, and the earlier Americans are taught about this evil the better are our chances for the future. I am enclosing some other material on communism which I thought you might like to see.

Memorandum

TO : Director, FBI

DATE: 3/21/61

FROM : SAC, San Francisco

SUBJECT:

[Redacted]

416 Moraga Way
Orinda, California
MISCELLANEOUS INFORMATION CONCERNING

ReBulet to captioned individual 3/17/61.

[Redacted] wrote a letter to the Director 3/6/61 concerning the Director's "Masters of Deceit" and, in part, stated, "Upon inquiring from an FBI friend of mine as to why, I find that you have called back the copies from the stands." This refers to the paper-back editions of the book. Referenced Bulet pointed out that there is no basis to the statement that the paper-bound copies of the Director's book have been recalled and furnished the New York address where [Redacted] could obtain same. Additionally, copies of referenced letter directed to San Francisco instructed me to find out who gave correspondent the information noted in her letter. In this connection, there are attached two copies of a memorandum from SA WILLIAM H. NOTT which points out that [Redacted] was in telephonic contact with him early in March that she had been unable to obtain a paper-bound copy of the book, that NOTT had no idea why it was not available and loaned her his personal copy of the Director's book.

*7-27
3-27*

On 3/20/61 ASAC GEORGE M. PEET telephonically contacted [Redacted] concerning the statement in her letter. She was very apologetic and stated that she was in error in attributing this information to her "FBI friend." Upon recollection, she identified the source of this information as the Gilroy Book Agency in Oakland, telephone Highgate 4-3570. She also advised that subsequent conversation with this book agency revealed that they would be able to obtain copies of the book for her on order and apparently the initial information she gained from them was incorrect. She was happy to obtain the address where additional copies of the paper-bound book could be obtained and she was advised to contact this office any time she felt the FBI could be of assistance to her in any way.

*NR
11*

In view of the facts in SA NOTT's memo and data furnished by [Redacted] it is obvious that no Bureau employee is the source of this erroneous information. Therefore, no further action is anticipated by this office.

DATE: 3/21/61

FROM : SA WILLIAM H. NOTT

SUBJECT:

Pursuant to your request for an explanation of any discussion between me and concerning the Director's book "Masters of Deceit," the following is submitted:

is a social acquaintance of mine and my wife's. In early March 1961 she telephonically contacted me and stated that she had been unable to obtain a paper-bound copy of the Director's book "Masters of Deceit". From the conversation I concluded that she had contacted some of the drug stores and book stands locally. She inquired of me to determine if I knew why the book was not available. I replied that I had no idea why it was not available and, as a matter of convenience to her, offered and she accepted the loan of my personal copy of the book. She now has the book.

Concerning her statement that the Director has called back the copies of the book from the stands, I am certain she must be confused as to the exact source of such information. I certainly did not make such a statement and it may have been information she obtained telephonically in attempting to locate a paper-bound copy in Orinda.

Dear Mr. Foster:

Thank you for Mr. Hoover's autographed book "Masters of Deceit".

I am intensely appreciative of this book as it is autographed and it is my judgment that the subject matter is on the most important theme to all free Americans today.

Having spent a few years in O.S.S. I have a keen understanding of what this movement can mean to the freedom of all Americans.

The stories of Whittaker Chambers, Sobel and now the Krugers are more than just newspaper reading and I am sure Mr. Hoover's book will bring out these facts even more clearly.

Again, thank you for keeping me in mind on such matters.

Dear Mr. Hoover:

Thank you very much for your letter of March 15 and the autographed copy of your book, "Masters of Deceit." I feel greatly honored by your kindness.

During my eleven years in the Credit Office of the Mayflower Hotel, I was privileged to meet many of the men on your staff, especially those assigned to the Washington Field Office and working on bad checks, etc. I have never known a finer group of men, or men more devoted to their jobs. Any help and assistance I may have given them was certainly my pleasure.

Again, I wish to express my sincere appreciation and extend my best wishes for your continued success.

Honorable Sir:

Too bad it took me two weeks to thank you for the wonderful opportunity given us to hear Mr. William C. Sullivan's very inspiring and informative talks at Seton High School, Cincinnati, February 22. Comparisons are odious, I know, but permit me to say that your talk in Hamilton in late September 1960 was tops and gave a clear insight of the actual workings of the very efficient, on-the-spot organization, the FBI.

I went to class the next day fired with zeal to do all in my power to inform the students of the dangers of the insidious foe. As I told you in September, we are to make an intensive study of Communism after Easter. In the meantime I have written to Mr. J. Edgar Hoover thanking him for sending Mr. William Sullivan. I also write to Mr. Sullivan, asking him to send us copies of the two items he mentioned in his talk "Attacks on Youth" and a list of the treaties broken by the Communists. We shall also make good use of the extremely helpful pamphlets "Know Your FBI" that you so kindly sent us in October.

We have not figured out an opportune time or occasion whereby we could remind [redacted] of his ability to get free copies of MASTERS OF DECEIT for the Senior Classes of the Catholic High Schools as you told us have been given to the Public High Schools.

With "Know Your FBI", three copies of MASTERS OF DECEIT, some pamphlets from the Committee on Un-American Activities Office, and some notes from Mr. Hoover's Office, plus our Civics Text book we hope to do our part in this very necessary study.

Thank you again for securing Mr. Sullivan for the talks February 22, but most of all for your talk of October 1960. It was

a real pleasure to meet you at Seton. I treasure your letter and that of Mr. Hoover's as symbols of what great men do for insignificant people, like nuns.

You can rest assured of prayers from the Sisters and Students of Notre Dame Hamilton for you and your work.

Sincerely and gratefully,

/s/

Dear Mr. Hoover:

My class in "Senior Problems" at Santa Fe High School, Santa Fe Springs, California, is very much interested in studying your book "Masters of Deceit". However, we have been unable to obtain a copy at any of the book stores in our area. Our teacher suggested that we write to you directly, and I was glad to volunteer to do this.

Mr. Hoover, could you please tell us where we could obtain a copy of your book? Or, better still, would it be possible for you to send us a copy. If you will do this, I will be very happy to reimburse you for the cost.

We realize that you are a very busy man, and this problem of ours is relatively unimportant, compared to many of yours, but we will certainly appreciate your helping us, so that we may make a study of your book in our class.

Dear Mr. Hoover,

I should like to tell you how much I admire you as an officer of the law and head of the Federal Bureau of Investigation.

This letter, however, is not to compliment you on your service to the government, although this too is note worthy, but on your service to the people as the author of the worldly acclaimed book "Masters of Deceit". The book is excellently written and one forgets the time as he absorbs the basic principles of that ugly yet very prevalent form of government known to the people of the United States and the whole world as Communism. To the average American High School student, such as I, the facts presented are rather startling. But I think in this book you tell the people of the United States exactly what they want to know. The American citizen of the sixties! wants to know the facts, he doesn't like being a blind supporter of the government, but wants to take an active part in it, and in this respect, you have succeeded one-hundred percent.

I know you are a busy man and I hope I have not taken much of your time, but I had to write to tell you how much you told me in your book about Communism and our policy toward it.

Sincerely yours,

Dear Mr. Hoover:

I have been trying for a number of weeks to purchase your book, "Masters of Deceit" and the news stands and book stores keep telling me they are out, the distributor is out and the publisher is out. One establishment told me they have been trying to get an order for one hundred copies from the publisher for months. It seems unusual that the publisher would be so slow distributing this important book. I have contacted people where I work and have received seventy-six orders for the paper back copy and I am sure there are many others who are anxious to read this book.

I have not read your book yet, but I understand from those who have that it is a real service for the cause of Freedom. I am looking forward to reading this much publicized book.

Yours very truly,

P. S.

J. Edgar Hoover, Director
Federal Bureau of Investigation,
Washington 25, D.C.

Dear Mr. Hoover,

I would like to express my appreciation for the dedication you have displayed over the many years as Director of the Federal Bureau of Investigation. Little did I realize until a few years ago, what was happening around me. "Masters of Deceit" was my introduction.

At a P.T.A. general meeting of November, 1959 I sold 50 copies of the paperback edition, which pleased me very much as many of them were bought by the teachers present that evening. [redacted] spoke on Free Enterprise that program and also touched on the education of our youth in a Republic and the effects of the UNESCO program. As Parent Education Chairman I had invited [redacted] I find this a very interesting Chairmanship in P.T.A.

It is most difficult to inform citizens unless the information presented to them about Communism is written by an authority they will have faith in and believe.

God Bless You

13-114571-

I hope the order forms for the Freedom Documents are available again, at the time I requested additional copies they were out of stock!

I have not received my order sent to you in December of last year!

I would certainly suggest that the following speeches by J. Edgar Hoover on Communism be made readily available to the public as these in particular are excellent. I note Health, Education and Welfare publications are available in abundance. What we need is knowledge, accurate, on how to protect ourselves here at home NOT how to take care of ourselves!

Please give J. Edgar Hoover's addresses and knowledge special consideration for a Selected Order Form to be made available immediately.

I have listed only a limited number:

- One Nations's Response to Communism" (Sept. 1960)
- Communist Party, USA (Reprint from 'Ave Maria' April 30, 1960)
- Communist "New Look", A study in Duplicity (August, 1956)
- God and Country or Communism (Nov. 1957)
- Communist Illusion and Democratic Reality (December, 1959)

It aggravates many of us to have our money poured into the Dept. of Health, Education and Welfare, and to top it off have the President of the United States of America, suggest to J. Edgar Hoover that perhaps he should spend more time on crime, rather than Comedies!!

Sincerely,

536 W. Whitcomb

Dear Mr. Hoover,

First, I would like to offer my congratulations to you on the wonderful work you are and have been doing as head of the F. B. I. Your book "Masters of Deceit" is certainly a book to awaken people and my friends and I have seen to it that our public library secured two copies for the community's benefit.

There have been rumors that you are going to retire. I hope this is not true. We need you badly.

Could I have a copy of the speech you made in Florida?

Dear Mr. Hoover:

The members of our study group on how to recognize and fight communism wish to thank you for your reply to our inquiry about [redacted] and concerning the leaflet, Red Stars No. 3.

We appreciate even more the pamphlets which you enclosed, and note that you offered to send us additional copies at no cost. If it is not too big a favor to ask, we should like 15 copies of the set. If that is asking too much, could you give me an idea of what it would cost to purchase that many. There are 15 members in our study group, and each of us is purchasing his or her own study materials which include your book, "Masters of Deceit," which we are using as a primer or textbook, and the set of government pamphlets recommended by the Cardinal Mindszenty Foundation of St. Louis, Mo.

The booklets which you sent to me were:

- One Nation's Response To Communism
- The Communist Menace: Red Goals and Christian Ideals
- Communist Target--Youth
- Expose of Soviet Espionage, May 1960

The popularity of your book in this area is apparently great. We have ordered 15 of the paperback edition through a local dealer, 20 more direct from the publishing company, and placed an order through a large dealer in Chicago. All of this was done about a month ago. To date, we have received none, but have shared books which we have found one at a time. We are looking forward to receiving one of the orders so we will each have a copy and can feel free to underline, etc.

Again, thank you for your patience and courtesy.

Sincerely,

Dear Mr. Hoover;

As a result of reading your book, Masters of Deceit, I have become even more interested in the problems we face regarding the threat of Communism.

The phrase "What Can I Do"?. is one used by most people I talk with on this subject. This is what I will attempt to do, hoping that in this small way it will help more people in becoming interested in, and aware of the problem we face.

I have read of thurse the book, but I shall pass it on to a friend, after discussing it with him or her, and the importance of continuing this plan; then I shall buy another book (or Pocker Book), and give this to another friend, with the same explanation. I will do this as often as I feel it will be used properly. I shall ask these people to study the book carefully, and determine what his own reactions are, and then have them do the same thing as I did in passing at least two copies to friends; Especially those interested people who belong to organizations, or who have many contacts thru travels.

If reactions are similar to mine, I feel certain that a great number of people can be made aware of the problems you discuss, before it is too late for them to help themselves or their country.

This is a simple plan, which may catch on--if so, it should be a big help in getting the problemin the minds of the people, and it will answer for me, the question, " What Can I Do".

Most Sincerely,

JAM

Dear Mr. Hoover,

The other day I purchased your book, "Masters of Deceit" and took it home to read. I found it most interesting and informative. I intend to keep my eyes completely open in the future.

One particular paragraph caught my eye. It appears on page 294 of the paper-back edition. I am one of those free thinkers that you mentioned and am ready and able to prove that Communism is evil. I can also prove that religion is as necessary to man as breathing. I have tried again and again to get this information into print but have been told that the public is not interested in these subjects at the present time. From the letters the publishers have written, I get the impression that my work is too "hot" to print. It might antagonize too many of our nations thinkers.

I know that I have something to give to the world that it must have if it is to progress instead of return to ancient times, if it is to keep the precious heritage of Freedom under God instead of ending up under Communist Domination. Not knowing what else to do with it, I recently sent an article to the President. I have been notified that my article, "The Great Price of Freedom" is now in the hands of the Department of State. (Mr. Temple Wanamaker, Director, Office of Public Services) I am writing to you because I think you might be interested in this article as it deals directly with the problem at hand.

I would like to be of real service to my country but just how to go about it is the question. Being a nobody has its draw-backs especially when the field is as ~~crowded~~ crowded as it is today. Do you have any suggestions?

J. Edgar Hoover, Director
Federal Bureau of Investigation
Washington, D.C.

Dear Mr. Hoover,

I am making a thorough study of your book Masters of Deceit.

I am anxious to thoroughly assimilate "What Can You Do?" On page 225, chapter 17, you mention in part 6 "Does the organization receive consistent favorable mention in Communist publications?"

Are you at liberty to clarify communist publications other than The Worker? Do we have any current periodicals under communist control?

Sincerely,

Dear [redacted]

I have received your letter dated March 23, 1961, and your kind comments are indeed appreciated.

It is always gratifying to receive letters from our young citizens who demonstrate an awareness of the problems facing this country and a sincere desire to prepare themselves to meet the communist challenge to our freedoms.

While I would like to be of assistance, a regulation of the Department of Justice prohibits the disclosure of information in our files to other than appropriate agencies in the executive branch of the Federal Government. I am precluded, therefore, from furnishing the specific information you requested.

I am certainly pleased to hear that the study of my book "Masters of Deceit" was helpful to you. In view of your interest in learning more about the menace of communism, I am enclosing some literature which you may find to be of assistance in your Panel Discussion Group.

Sincerely yours,

J. Edgar Hoover

Dear Sir;

I realize that you are extremely busy; but I was so impressed with your book, Masters of Deceit, that I felt I should let you know.

Even before I read your book, I was strongly against Communism; but I never before had any stable facts with which to back my arguments. Through your book I have come to realize just what the Communist threat is to our democracy and freedom.

Sir, if I may, I have one question to ask. Once a communist gives himself to the F.B.I. and confesses all he knows, do the other communists every try to kill that person for telling?

DATE: March 24, 1961

FROM : SAC, CINCINNATI (80-637)

SUBJECT: MASTERS OF DECEIT

Remylet 3/7/61 transmitting certain checks to the Bureau and indicating that my account for 1500 copies of Masters of Deceit, at \$2.95 each, would be settled as soon as I forwarded an additional \$350.00 to the Bureau.

The \$350.00 would, as indicated in my letter, 3/7/61, take care of freight in the amount of an estimated \$50.00. I am now informed that the freight amounts to \$43.99. The difference, \$6.01, may be ignored and retained at the Bureau to take care of some instance when freight was not actually billed, or, if necessary, the \$6.01 may be used to send me a couple copies of Masters of Deceit which I will ultimately use in interesting someone else in the book.

To take care of the \$350.00, in settlement of account, there are enclosed herewith:

1. Check in the amount of \$100.00, issued to the FBI Recreation Association, drawn on the Pepsi-Cola Bottling Co. of Cincinnati, signed by [redacted] The check is No. 016137 -- \$100.00

Dear Mr. Hoover:

I am in the process of reading your book called "The Enemies of Deceit" It is a great experiance to read such a book as you have so painstakingly written.

I am a Roman Catholic, and know that my church is an arch enemy of comunism, as is our Holy Father, Pope John. XXIII. I pray for you every day, that you may be guided and protected, as well as inspired by our Lord Jesus Christ.

I fervently hope that your government, and the agency that you direct are taking means to combat this social cancer called comunism. We also, have a comunist clique in this country. They to, are working to undermine our democratic and Christian principals and heritage.

I sincerely hope that your government, as well as the agency you direct so ably, are taking ways and means to combat this repulsive stagnator called comunism.

I am not to well educated and have not to many means to combat this spectre. The only weapon I have is, prayer. In due course and God willing, the western democracies will find a way to prevail against, like I said before, this social cancer called comunism. May God bless and keep you and yours.

Dear Mr. Hoover:

I have recently served on the Mayor's Committee on Urban Renewal for the City of Lincoln. As a result of reading your very fine book, MASTERS OF DECEIT, and following bills being introduced in our state legislature, I have become more aware of some of the treacherous factions and activities infiltrating our government.

I can't help but feel that there certainly must be Communist dupes of leaders working "conscientiously" in their tasks when such pieces of almost totalitarian legislation are being submitted as possible potential laws for us. Of course if such legislation would be approved for metropolitan, primary and first class cities there would be little left in the way of capturing the minority population in rural and village areas.

I am submitting to you LB 433 to exemplify what I have related. This bill comes up for Committee Hearing at our State Capitol, 2:00 P. M., April 7, 1961. I am organizing with others to oppose making voting on Urban Renewal optional, the 99 year lease idea for Urban Renewal Authorities to hold and lease property and other parts of the amendments of the already evil law.

I certainly spiritually support the conscientious work of your Office and if I may be of service in this area in even some small way, please call on me as a faithful servant and believer in maintaining our inherent freedoms for our children's sake.

except at the option of the governing body of the city; to repeal the original sections; and to declare an emergency.

Be it enacted by the people of the State of Nebraska,

Section 1. That section 19-2602, Revised Statutes

2 Supplement, 1959, be amended to read as follows:

3 19-2602. It is hereby found and declared that there
4 exist in cities of the metropolitan, primary, and first
5 class areas which have deteriorated and become substandard
6 and blighted because of the unsafe, unsanitary, inadequate,
7 or overcrowded condition of the dwellings therein, or be-
8 cause of inadequate planning of the area, or excessive
9 land coverage by the buildings thereon, or the lack of
10 proper light and air and open space, or because of the de-
11 fective design and arrangement of the buildings thereon,
12 or faulty street or lot layout, or congested traffic con-
13 ditions, or economically or socially undesirable land
14 uses. Such conditions or a combination of some or all of
15 them have and will continue to result in making such areas
16 economic or social liabilities harmful to the social and
17 economic well-being of the entire communities in which
18 they exist, needlessly increasing public expenditures, *im-*
19 *posing onerous municipal burdens, which decrease the tax*
20 *base, reducing tax revenues, substantially impairing or*
21 *arresting the sound growth of municipalities, aggravat-*
22 *ing traffic problems, substantially impairing or arrest-*
23 *ing the elimination of traffic hazards and the improvement*
24 *of traffic facilities, and depreciating general community-*
25 *wide values. The existence of such areas contributes sub-*
26 *stantially and increasingly to the spread of disease and*
27 *crime, necessitating excessive and disproportionate ex-*
28 *penditures of public funds for the preservation of the pub-*
29 *lic health and safety, for crime prevention, correction,*
30 *prosecution, punishment and the treatment of juvenile de-*
31 *linquency, and for the maintenance of adequate police,*
32 *fire, and accident protection and other public services*
33 *and facilities. These conditions are beyond remedy and con-*
34 *trol solely by regulatory process in the exercise of the*

35 police power and cannot be dealt with effectively by the
36 ordinary operations of private enterprise without the aids
37 herein provided. The elimination of such conditions and
38 the acquisition and preparation of land in or necessary
39 to the renewal of substandard or blighted areas and its
40 sale or lease for development or redevelopment in accord-
41 ance with general plans and redevelopment plans of commun-
42 ities and any assistance which may be given by any state
43 public body in connection therewith, are public uses and
44 purposes for which public money may be expended and pri-
45 vate property acquired. The necessity in the public in-
46 terest for the provisions of sections 19-2601 to 19-2643
47 is hereby declared to be a matter of legislative determi-
48 nation.

49 *It is further found and declared that the preven-*
50 *tion and elimination of blight is a matter of state policy,*
51 *public interest, and state-wide concern and within the*
52 *powers and authority inhering in and reserved to the state,*
53 *in order that the state and its municipalities shall not*
54 *continue to be endangered by areas which are focal cen-*
55 *ters of disease, promote juvenile delinquency, and consume*
56 *an excessive proportion of their revenues.*

57 *It is further found and declared that certain sub-*
58 *standard or blighted areas, or portions thereof, may re-*
59 *quire acquisition, clearance and disposition, subject to*
60 *use restrictions, as provided in this act, since the pre-*
61 *vailing conditions of decay may make impracticable the rec-*
62 *lamation of the area by conservation or rehabilitation;*
63 *that other areas or portions thereof may, through the means*
64 *provided in this act, be susceptible of conservation or*
65 *rehabilitation in such a manner that the conditions and*
66 *evils, hereinbefore enumerated, may be eliminated, remedied*
67 *or prevented; and that salvageable substandard and blighted*
68 *areas can be conserved and rehabilitated through appropriate*

69 *public action and the cooperation and voluntary action of*
70 *the owners and tenants of property in such areas.*

Sec. 2. That section 19-2602.01, Revised Statutes
2 Supplement, 1959, be amended to read as follows:

3 19-2602.01. Cities of the metropolitan, primary,
4 and first class are hereby granted power and authority to
5 create urban renewal authorities.

6 (1) Whenever such an authority is created it
7 shall bear the name of the city creating it and shall be
8 legally known as the Urban Renewal Authority of the City
9 of (name of city).

10 (2) When it is determined by the governing body of
11 any such city, by ordinance in the exercise of its discre-
12 tion, that it is expedient to create an urban renewal au-
13 thority, the mayor of such city, with the approval of the
14 governing body of such city, shall appoint five persons
15 for terms of one, two, three, four, and five years, respec-
16 tively, who shall constitute the authority; *Provided, that*
17 *such governing body may at its option submit such ordinance*
18 *to the electors of such city for approval by a majority vote*
19 *of the electors voting thereon and on so electing is au-*

25 *result of city elections on the submission of propositions*
26 *to the electors thereof, the proposition to be stated on*
27 *the ballot as follows:*

28 "Shall the City of (name of
29 city) create an Urban Renewal Authority of the City of
30 (name of city)

32 No".

33 One member of the authority shall be appointed each year
34 thereafter for a term of five years from the date of his
35 appointment. Vacancies shall be filled for any unexpired
36 term in the same manner as the original appointment. Mem-
37 bers of the authority so appointed shall hold office until
38 their successors have been appointed and qualified. All
39 members of such authority shall serve without compensation,
40 but shall be entitled to be reimbursed for all necessary
41 expenses incurred.

42 (3) The authority shall organize by electing one
43 of its members chairman, and another vice-chairman, and
44 shall have power to employ counsel, a director who shall
45 be ex officio secretary of the authority and such other of-
46 ficers and employees as may be desired, and shall fix the
47 term of office, qualifications and compensation of each.
48 *The holder of the office of Urban Renewal Administrator*
49 *or Coordinator of such city may, but need not be, ap-*
50 *pointed such director but at no additional compensation*
51 *by the authority. The authority may validly and effec-*
52 *tively act on all matters requiring a resolution or other*
53 *official action by a majority vote of its membership pres-*
54 *ent at a meeting thereof; Provided, that a quorum of*
55 *four shall be present. Orders, requisitions, warrants*
56 *and other documents may be executed by the chairman or*
57 *vice-chairman or by or with other designated in its by-*
58 *laws.*

59 (4) No member or employee of the authority shall
60 have any interest directly or indirectly in any contract
61 for property, materials, or services to be required by such
62 authority.

63 (5) The authority shall keep an accurate account
64 of all of its activities and of all receipts and disburse-
65 ments and make an annual report thereof to the governing
66 body of the city.

67 (6) The governing body of a city creating an urban
68 renewal authority is hereby authorized to appropriate and
69 loan to such authority a sum not exceeding ten thousand
70 dollars for the purpose of paying expenses of organizing
71 and supervising the work of the authority at the begin-

73 by resolution of the governing body which shall set
74 forth the terms and time of repayment thereof. Such loan
75 may be appropriated out of the general funds or any sink-

Dear [Redacted]

It was a pleasure to receive your letter of March 30, and I want to express my thanks for your kind comment concerning my book, "Masters of Deceit." I am pleased that you found it to be of value in your study of the problem of communism.

It is reassuring to receive communications from citizens who demonstrate an awareness of the problems facing this country and a sincere desire to prepare themselves to meet the communist challenge to our freedoms. I am enclosing some material available for general distribution by the FBI which you may like to read. Some of these items contain suggestions as to methods all of us can use to oppose subversive influences.

Should you ever have any information which you feel comes within the scope of this Bureau's jurisdiction, do not hesitate to contact one of my representatives located at 254 New Custom House, Denver 2, Colorado.

Sincerely yours,

Mr. J. Edgar Hoover, Director

Dear Mr. Hoover:

○ I have just finished reading your most enlightening, interesting book,
MASTERS OF DECEIT.

In Chapter 15, Mass Agitation, you give a list of various types of agitation campaigns. We who really desire to be good American citizens take an interest in economic problems, bills before the State Legislature, etc. As an example, a lady recently came to my door for a statement on how I felt regarding the Trading Stamp Bill now before the Colorado House of Representatives. This, of course, is certainly not "Communist sounding". I co-operated with her and wrote quite a lengthy statement. Now, after reading your book I am wondering if this was Communist inspired. I would hate to think that I inadvertently helped the Party. One cannot say to these people who approach you "Are you a Communist?", but how does one recognize them? Or, should we avoid lending our name or support to anything? I am very interested in government, am on the Executive Board of the Young Republicans of Adams County, but do not want to contribute anything at all to the Communist cause.

I realize that suspecting someone of being a Communist, or even a sympathizer, is a serious thing. Do you feel, however, that a person should report someone who tells you that you are simply misinformed about Communist teachings and that the articles written in our respected magazines, such as THE READERS' DIGEST, are untrue and biased? I would sincerely appreciate your opinion. Thank you.

Dear [Redacted]

Mr. Edmund D. Mason, Special Agent in Charge of our Cincinnati Office, has informed me of your cordial invitation to speak at your annual meeting on May 11, 1961.

While I do wish it were possible to indicate a favorable response, I regret that a prior commitment will preclude my acceptance. However, if agreeable with you, I would be pleased to designate Mr. Mason to fulfill this commitment. If this arrangement will be satisfactory, I hope you will feel free to communicate with me in this regard.

I did not want to let this opportunity pass without also expressing my deepest appreciation for your endeavors in distributing my book, "Masters of Deceit." Such demonstrations of public service are a great source of encouragement to me.

BACKGROUND:

We have friendly and favorable relations with [redacted] Executive Director, Ohio Funeral Directors Association, 50 West Broad St., Columbus, Ohio. SAC, Cleveland, spoke last year at several regional meetings of the Ohio Funeral Directors. Several months ago SAC HARGETT of Cleveland and SAC, Cincinnati, with SRA [redacted] Columbus, visited [redacted] and tried to interest him in having the Funeral Directors disseminate Masters of Deceit. As a consequence, a substantial order was placed [redacted] now desires to order 75 more copies.

8-1

[redacted] SENIOR RESIDENT AGENT has known [redacted] for years, is a close personal friend, and has been following up on this matter.

[redacted] also requests that the Director speak at the annual meeting of the Ohio Funeral Directors Association, Columbus, Ohio, 5/11/61, at 10:30 A.M. An audience of 1500 is expected.

It is my recommendation that the Director not accept this engagement for, with the heavy pressures already on him, this would result in loss of time from his assignments.

RECOMMENDATIONS:

1. If a Bureau official is likely to be traveling to the Middle or Far West in May and it will be convenient for that official to make the speech on May 11 in Columbus, he should be designated.

interest to our club members? Are there any cards, charts,
signs, flyers or printed material available on this subject
for distribution that we could display or pass out to our
members at this meeting? We thought this might contribute to
the success of the program. Our club has between 50 to 60
members.

We would greatly appreciate your forwarding any material
you might have which you think would add to our program for
the evening of 18 April.

Dear Sirs:

A few days ago I received several bulletins from you on communism. Among them was an address given by J. Edward Hoover given before the American Legion on October 18, 1960 in Miami Beach, Florida.

I travel a great deal and find a good many people seem to be unconcerned about communism. I have had them laugh at the idea and say, "it cant happen here".

Now what I want is a pack of that address of five hundred. I have found that most people have a great deal of confidence and respect for what Mr. Hoover writes.

I will be willing to pay for the pamphlets.

Would you please give me the name of the publisher of; "Masters Of Deceit"?

My Dear Mr. Hoover:

I have received your letter of March 27, 1961, also the several items on the subject of communism. I have read every bit of ~~of~~ those items. I enjoyed reading it. Altho I am very sorry, that here in America it is necessary that we have to read such things.

I sent for your book, "Masters of Deceit." I know that I will enjoy reading the book. I am very much troubled about the way things are going here in these United States of America. Can not something be done to awaken the people, or are we doomed to Socialist, then a Communistic form of Government. This trend toward the Federalizing of Education, and Federalizing of Agriculture in my way of thinking, ~~one of~~ the most dangerous on the current American scene. The simple truths- faith in Jesus Christ here and hereafter; love of parents and friends; loyalty ~~to~~ government, are the only matters of real importance, all that we get out of life, and all that we can take with us. These cherished principles are exactly what the United Nations, The National Education Association, and Eleanor Roosevelt and many others *are* strive to wash from the brains of our children so that the next generation will be ripe for a one-world Government.

Just what is wrong, is it greed, selfishness, for power and money? What is wrong with our officials in Washington, can not they see what all this is leading to-- Will this Country be taken over without ever firing a SHOT-- by Russia.

Your very truly,

I. E. Bratcher

Dear Mr. Hoover:

During the past month I have read two books dealing with the activities of the Federal Bureau of Investigation. "Masters of Deceit," your own vivid expose of the world-wide communist movement, and "The F.B.I. Story," by Don Whitehead. The material discussed in these two books and the skillful development of the subject must stir the heart, soul and mind of every American reader.

I hope that each citizen of the United States will read these two books in time to realize that there is no substitute for character, and in that realization thus strengthen and support the principles that has made the American citizen a free man.

Dear Sir:

Your book, "Masters of Deceit", is a very interesting and revealing expose' on communist activities in our country - but why not stick to the subject? I fail to see how a discussion on religion should have a place in a book of this nature.

You seem to believe that our country would be safe from communist infiltration if there were a nationwide revival of religion. May I point out to you that there are many completely loyal American citizens who never set foot in a church; and conversely, there are many Communists who take communion and profess to be Christians. A person's loyalty to our government can not be measured by his or her degree of affiliation with a church.

I wonder how many "self righteous" church workers have been misled, by writings such as your book, into receiving "divine inspiration" to persecute those who belong to no religious group. How often has the threat of being branded a Communist been used as a whip to force people into church attendance? Has it become necessary to go to church to buy respectability?

Must even the security of our country be perverted into an artifice for the spreading of the gospel? In these perilous times our people should be encouraged to face issues realistically instead of lulling them into a false sense of security in religious fantasy. What would we gain except untold misery if we were to complacently trust in prayer, and thereby lose our independence to World Communism? Those who wish to strengthen the Church should enter the ministry instead of holding responsible government positions.

A persons religion or lack of religion should be of no concern to the government. I'm sure that the founders of our constitution intended freedom "of religion" to also imply freedom "from religion".

Let's get back on the right track before it is too late. Many intelligent citizens who would support Democracy 100% against Communism may give only half-hearted support to a Church State.

SUBJECT:

ROUTE 1, BOX 280
EMBARRASS, MINNESOTA

The captioned individual wrote on April 2, 1961, commenting that the book, "Masters of Deceit," is a very interesting and revealing expose on communist activities in our country, but she fails to see how a discussion on religion should have a place in a book of this nature. Her entire letter is a tirade against religion, and she states she is sure that the fathers of our Constitution intended freedom "of religion" to imply freedom "from religion." Bufiles reflect in the report of SA dated 12-3-42, Saint Paul, Minnesota, a list maintained in the district headquarters of the Communist Party at 10 South 10th Street, Minneapolis, Minnesota, believed to be an index system or the contact or tickler system of Communist Party members. One was listed in the Embarrass, Minnesota branch.

RECOMMENDATION:

No acknowledgment is being made of this letter received from since it appears this person is identical with the individual in Bufiles. Nothing will be gained from engaging in a discussion with this person. A copy of her letter is being routed to the Minneapolis Office for information.

Dear Mr. Hoover

Your book, Masters of Deceit, has bestowed upon my mind a great impression and dislike towards Communism. I have become interested in knowing more about this enemy and how I can help avert it. I would like to know about the opportunities offered and the preparation necessary to fight Communism.

I am investigating two special fields, this I am writing you about and secretarial work. I realize that there would be dangers involved here, but that is not what matters.

I hope you will supply me with any information you can afford about different positions in your field of work. I sincerely hope also that you will write me and let me know about what I can do to help keep America free.

I believe in what you have written in your book. I believe that the American people should realize that this enemy is penetrating our country.

Thank you again for any information you can allow me to receive. I hope you will be able to help me choose my future career.

Sincerely yours

Dear Mr. Hoover:

Yesterday, finding nothing more "interesting" on the rack, I bought a copy of your book, "Masters of Deceit". It was one of the best investments I have ever made, and a lucky day for me indeed.

Like so many other citizens, I have gone through recent years "half asleep" to the danger of Communism, and have been unaware of the party's activities and true nature, aside from once boring myself to death reading "Das Kapital".

Your completely objective, factual approach to this incredible menace was especially noteworthy and appreciated, for so many people who jump on the anti-Communist "bandwagon" become just as hysterical and dictatorial as the Communists themselves! Your book will be passed among my friends and relatives, and as widely as possible. I think it should be serialized in newspapers all over the country, and should be put in a series form on television as a public service program. I am writing to my senators and representative, as well as others, to that effect.

American history books will undoubtedly record you as a truly great American, along with our finest Presidents, and your personal service to this country, and the work of your Bureau, cannot receive enough tribute. You and your organization certainly deserve the fullest support and cooperation of us all.

Very truly yours,

DOIT

April 18, 1961

Mr. J. Edgar Hoover
Director of Federal Bureau of Investigation
Washington, D. C.

Dear Sir:

Although I have always considered you one of our truly greatest Americans, I have never fully appreciated the efforts of you and your organization until I read your book "Masters of Deceit".

When I think of our F. B. I., it always brings to mind the words of Winston Churchill referring to the Royal Air Force "Never have so many owed so much to so few".

I have always felt that I knew more about communism than the average American citizen. However, after reading your book, I realize its full implications. In my estimation, more than just knowledge is essential in defeating the threat of communism. The first and most important step, however, is the education of our large, apathetic public. Your book holds the answer to accomplishing the first step. Naturally we would hope that basic Christian motivation would then take over in helping to render communism ineffectual.

It is encouraging to note that a legislative proposal was made in Florida recently to teach a course on anti-communism in all the state high schools. The thought entered my mind that if such a thing can be properly handled, your book should certainly be the official text.

I am sure you realize, sir, the practically universal respect, admiration and confidence that you and the F. B. I. enjoy in these United States. In these days and times, when it becomes almost impossible to accept at face value what anyone hears or reads, it still remains that the word of J. Edgar Hoover is inviolate.

In my estimation, there is no higher priority than the needs of the F. B. I., both in personnel and funds. I hope that you will not be hesitant to make your needs known, so that all loyal Americans can offer their assistance.

It is my hope that somehow you can find the time to periodically add supplements to your book in order to keep the material current. I pray God will continue to give you and your men the strength to carry on your most difficult duties.

One additional comment on the excellent public relations work that your office is carrying on in Washington. Last summer while I was there on business, my wife and children spent several days sightseeing. The one thing that impressed them most, from my wife to the youngest child was the F. B. I. tour.

Although my contribution to your efforts are small, I hope that my letter will serve to encourage you a little bit in your work.

MEMPHIS, TENNESSEE

In 1959 Suttler, at the invitation of President of Choctaw, Inc., in Memphis, spoke to the Rotary Club of Memphis on one day and the Engineers Society on the next day. After returning to Washington, Suttler sent whom he has known since childhood, a copy of "Masters of Deceit" autographed by the Director. became very enthused over the book and subsequently met and talked to Mr. Marlin Johnson, who was then SAC at Memphis. SAC Johnson worked with very closely on plans for distribution of copies of "Masters of Deceit" in Memphis, and as a result decided he would try something different. He purchased 50 copies of "Masters of Deceit" and sent them to employees of his company and close friends with a letter, a copy of which is attached, asking them to read the book and pass it on to another employee or friend. He followed this up with a phone call to these individuals and asked that they let him know verbally or by letter their reaction to the book.

felt that SAC Marlin Johnson was doing an outstanding job for the Director and the Bureau during the time he was SAC at Memphis. is one of the first citizens of this city and has been president of many civic sponsored organizations in the past. He sent a letter to SAC Johnson at the Washington Field Office on April 12 with a copy to Suttler, which is attached to this memorandum.

Dear Marlin:

Attached is the letter that I sent out with 50 copies of Mr. Hoover's book, "MASTERS OF DECEIT", together with the following enclosures:

Document 114 - Expose of Soviet Espionage, May 1960
(57964) - Communist Target - Youth
Reprint of FBI Law Enforcement Bulletin of March 1960

These books were sent to our sales force and key personnel of the company.

We have had quite a campaign here, which has been taken over by the American Legion, wherein they show various films and have promoted programs within the larger companies around town, with the schools and other civic clubs, etc.

I believe that Memphis is aware of the communist threat more than ever before, and with continued education and publicity, it is my belief that the citizens are becoming aware of the real menace of communism.

J. Edgar Hoover, the Director of the Federal Bureau of Investigation, who, in my opinion, is one of the great living Americans, is genuinely concerned about the complacency and apathy of the American public toward the spread and influence of Communism.

There is a dangerous tendency to discount the menace of domestic Communism because of recent declines in open party memberships. The facts are, however, that Communist strength, according to their own leaders, cannot be measured ... even approximately ... by statistics. The real backbone of Communist power lies in organized deception. For example, when the Communist Party was at its peak in the United States, it was stronger in numbers than the Soviet Party was at the time it seized power in Russia. Even today, only 4% of its populace are open members of Russia's Communist Party. In the U. S., one or two Communists in places of influence, such as government bureaus, diplomatic corps, labor unions, schools, churches, civic groups, etc., serve them much better than larger groups.

"It can't happen here!", you may say. Perhaps you recall when the House Committee on Un-American Activities attempted to conduct hearings in San Francisco on Communist influence in schools. Under the guise of invasion of civil liberties, and with a well-planned campaign complete with mob action, the Communists made a mockery of the hearing.

Fidel Castro, according to earlier Press Releases, was touted as a modern revolutionary "Robin Hood" when he was fighting for control of Cuba: Was this a carefully contrived plan? Will the Communists be successful in establishing footholds, and eventual economic and political control over Panama? The Dominican Republic? Mexico? Their time-table calls for the United States to be under Communist influence within the next fifteen years!

I am enclosing a copy of Mr. Hoover's book, "MASTERS OF DECEIT", a book so important it should be read by every American since it explains startling facts about the menace of Communism...what it is, how it works, what its aims are, the real dangers it poses, and what loyal American citizens must know to protect their freedom.

Tom Anderson, editor of several farm publications, states that our people have gone from CHAINS to spiritual faith...from SPIRITUAL FAITH to courage... from COURAGE to liberty...from LIBERTY to abundance. From this point on, the cycle appears to be from ABUNDANCE to selfishness...from SELFISHNESS to complacency...from COMPLACENCY to apathy...from APATHY to dependency...from DEPENDENCY back again into bondage! How far along is America?

My thanks to you if you will read "MASTERS OF DECEIT" and pass it on to another employee or friend, requesting they do likewise after reading it.

We will appreciate your comments.

Sincerely,

I am presently reading "Masters of Deceit" which certainly illuminates my thinking. I only hope members of congress, the senate and the administration also read this analysis and act accordingly.

I am frankly alarmed sir regarding recent pronouncements of people such as Secty Rusk. His desire to invite soviet cosmonaut Yuri Gagarin for a heros' reception in this country is evidence that he knows nothing of our enemy. Yuri Gagarin is an officer in the Communist predatory army which is presently supporting the Laos rebels, is shooting down american planes such as our B-47, has supported the rape of Hungary & which is presently poised to bomb the US at the time they think is opportune.

In his report to the Post, County, District and Department Officers, dated 3/31/61, a copy of which has been made available to this office, [redacted] Americanism Officer, American Legion, Department of Maine, 8 Weymouth Street, Portland, Maine, in commenting on the Director's book, "Masters of Deceit," stated that although he did not have any exact figures as to how many copies of this work have been distributed by the American Legion post in Maine, he did know that the number is over 300 copies at this time.

[redacted] reported that recently [redacted] Executive Officer of the State of Maine Order of DeMolay, joined the American Legion in its efforts to have each chapter of DeMolay give copies of "Masters of Deceit" to each young man who planned to attend college in the Fall. [redacted] commented that this was a "wonderful project and the Maine Legion is proud to be associated with this plan." He expressed the hope that other organizations, such as the Knights of Columbus, Elks, Lions, etc. would also take up the project.

In his report [redacted] quoted from the Director's letter of 3/6/61 to him that "'Masters of Deceit' was intended as a basic text on communism, and it is most reassuring to know that your organization is taking this means to alert the people of your state concerning the communist menace."

In this report [redacted] also said that the drive on the distribution of the Child Molester Poster had been completed with the expectation that every child of elementary school age in the State of Maine has been exposed to the lessons of this poster. Again, [redacted] indicated, he had received a letter from the Director expressing gratitude to the American Legion in Maine for its efforts in this distribution.

I thought the Bureau would be interested in knowing of the very fine work being done by the American Legion on these two projects.

ReRomelet dated 3/16/61.

[redacted] Book Translation Program, U.S. Information Service (USIS), Rome, Italy, advised on 4/14/61 that translation of the Director's book "Masters of Deceit" is being undertaken by USIS under their "Book Translation Program." She stated that in this regard Editor Sugar in Milan, Italy had been contacted and had been presented with a contract for study and approval in connection with translation and publication of the book. She advised that she would keep the Rome Office informed of all developments.

[redacted] stated that USIS in Rome had previously hoped to accomplish translation of the book under the USIS Representation Program, which would have required fewer formalities and which would have expedited publication of the book. She stated, however, that representation funds for this purpose were not presently available to the USIS office in Rome and that therefore translation and publication of the book is being undertaken under the Book Translation Program.

The Bureau will be kept advised of developments with reference to this matter. It does not now appear likely that the Director's book "Masters of Deceit" will be ready for publication in Italian until sometime after September, 1961.

AUTHOR'S NOTE

Contained in one of the gospels are the words:

"And other seed fell upon good ground and sprung up and yielded fruit a hundred fold."

Likewise, I like to feel that in publishing this little book I am like the man who was mentioned in the parable from which my text was taken, who went forth to sow the seeds of Truth. In my case, by the contents of this little tome, I endeavor to spread seeds of thought concerning the wonderful country in which we are privileged to live. Other sowers, such as our forefathers, and legions since, through the centuries, have planted more abundant harvests than I can hope for, but the seeds I sow are the same seeds of love of freedom that were sown by them and taken by me from a rich heritage given to every American.

May others who read it, sow a new crop, no matter how small, and go forth spreading similar ideas of love of country, which in time may spring up into new growth to become bulwarks of defense in the preservation of the idea of freedom for other nations, as well as for ourselves.

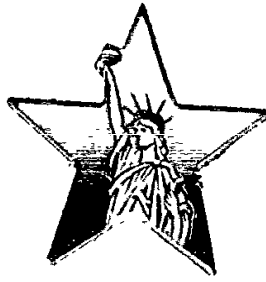

- The Author

A PLEDGE

Americans, now is the time
For making a new resolve,
To keep faith in our government
Whatever may evolve.

Renewing allegiance to be true
To our Flag in thought and deed;
Ready to follow where it may go
And wherever it may lead.

Now is the time to make a choice
To defend it all the way,
By letting all listeners hear us voice: -
"We are proud of the U.S.A.!"

OUR FLAG

An Address Delivered During the
Presentation of Colors to a
Group of Gold Star Organization,
Inc., of the United States of
America.

Madam President, Distinguished and Invited Guests,
and Members of Gold Star, Inc.:

We are gathered here tonight to pay tribute to
the flag of our country.

The first tribute I wish to pay personally is
to quote from the works of Robert G. Ingersoll, who
wrote: "Ours is the only flag that has in reality
written upon it, 'Liberty, Equality, Fraternity' --
the grandest three words in all the languages of men."

The second tribute I wish to pay is to quote
six lines from an immortal poem by John Greenleaf
Whittier, which reads:

"Over Barbara Frietchie's grave,
Flag of freedom and union wave!
Peace and order and beauty draw
Round thy symbol of light and law;
And ever the stars above look down
On thy stars below in Fredericktown."

And the third tribute is to quote what is his-
torically known as "the creed of a great American,"
Daniel Webster:

"I was born an American; I will live an Ameri-

OUR FLAG

can; and I shall die an American; and I intend to perform all the duties incumbent upon me in that character to the end of my career. I mean to do this, with absolute disregard of personal consequences. What are personal consequences? What is the individual man, with all the good or evil that may betide him, in comparison with the good or evil which may befall a great country in a crisis like this, and in the midst of great transactions which concern that country's fate. Let the consequences be what they will, I am careless. No man can suffer too much, and no man can fall too soon, if he suffer or if he fall in defense of 'the flag, the liberties and the Constitution of this country.'"

So, my friends, you have just heard the reading of "the creed of one great American," and how well it would be if every American today would commit it to memory and action. The courageous creed of Daniel Webster is as fitting today as it was in his time. We have the same flag, the same liberties, and the same Constitution to defend. We are facing a tremendous crisis, a world crisis, and we are in the midst of great transactions which concern our country's fate, as well as the future of all mankind.

Recently I read a little story in one of the newspapers. It is humorous and yet rather pathetic, but it seems to me to be in keeping with our subject tonight.

It read; "Applying for his citizenship papers, 'Gino' was doing all right until he came to the question about the American flag. 'What is it,' asked the Judge, 'that you always see flying over the courthouse?'

"'Peegins!'" confidently replied 'Gino.'"

No doubt, Gino was honest and well-meaning in his answer. No doubt he became a good citizen.

OUR FLAG

But it is inconceivable to me how anyone studying the requirements for citizenship in our great country could do so and not learn or be told by someone that our flag is symbolic of all our liberties and rights, and that its presence over our courthouses is our guarantee that they will be preserved for us and for future generations.

But today, in contrast to Gino, we seem to have in our midst many misguided individuals who, knowing that it is the flag that flies over our courthouses, yet advocate changes to other systems of government which are incompatible with true freedom. Should such striving prevail, it would tear the symbol of liberty from our halls of justice and cast the flag at Gino's feet and our own.

Such individuals, in the aggregate, seemingly belong to no especial class or creed or racial strain; but perhaps are various malcontents from all of these, who for foolish and selfish purposes, joined to a dislike of true and benevolent authority, have fallen prey to teachings incompatible with our ideas of democracy; which teachings, if established in America, would destroy our temples of freedom and leave nothing but the chaos of despotic tyranny instead.

John Foster Dulles, in an article concerning this trend, some years ago summed up his work in Life Magazine by stating:

"It can be taken as certain that as the full implications of the communistic system come to be better understood by the American people, it will revive in them the spirit which led their forbears to pledge their lives, their fortunes and their sacred honor to secure their personal freedoms."

Let us combat this trend at once with the truth, and as Daniel Webster said, and in the same spirit, perform the duties incumbent upon us, realize the

OUR FLAG

truth ourselves, and broadcast it widely and far that "the Declaration of Independence is the grandest, the bravest and the profoundest political document that was ever signed by the representatives of any people."

To quote Robert Ingersoll again: "Let us realize that the American flag expresses the will of a free people, and proclaims that they are supreme and that they acknowledge no earthly sovereign but themselves."

Wherever the American flag has gone, it has been the herald of a better day. It has been the pledge of freedom, of justice, of order, and of civilization. Likewise, our flag stands for humanity, for an equal opportunity to all the sons and daughters of men. It represents liberty and union, now and forever, one and inseparable. Let us with the same courageous love of country as expressed in the creed of one great American, stand shoulder to shoulder for the honor and greatness of our country and our flag. Because it is:

Your flag and my flag,
And how it floats today!
Over your land and my land,
And half the world away.

Blood red and rose red,
Its stripes forever gleam;
Snow white and soul white,
The good forefathers' dream.

Sky blue and true blue,
With stars that beam aright;
A glorified guidon of the day,
A shelter through the night.

OUR FLAG

Your flag and my flag --
Oh, how much it holds!
Your heart and my heart,
Secure within its folds.

Your heart and my heart
Beat quicker at the sight;
Sun kissed and wind tossed,
The red, and blue, and white.

The one flag! The great flag!
The flag for me and you!
Glorified, all else beside,
The red, and white, and blue.

-- Nesbit.

For only under the Stars and Stripes can a man speak out boldly, unafraid, a free man. He does not have to speak in whispers, fearful of being overheard. Neither do our children have to fear concentration camps, to which in totalitarian countries they who would dare speak out against injustice are exiled. Fathers, brothers, husbands and sweethearts consigned to a living death by tyrants, who themselves, having lost the dignity which God has bequeathed unto every human being, seek to reduce every mortal who would dare oppose their will, to misery, pain and death.

And our homes! We have food and comfort. There is laughter in them, and our children speak freely of their dreams of ambitions. Also, our schools and universities are free and our teachers are free to teach, and their pupils are free to inquire. Yes! Under the Stars and Stripes all our sons and daughters are free to learn, regardless of religion or race. We have no regimentation by which education is barred

OUR FLAG

to anyone. Under our flag, the opinion of one man as to what constitutes knowledge would not be tolerated. The eyes of our children sparkle with life and love and laughter. Their faces are turned toward the heavens where our banner flies in reassurance, and the eyes of the American student are never cast down.

Under the Stars and Stripes you can worship God according to the longings of your hearts. You can speak out in defense of your faith and feel no terror. You are in America. You do not have to follow one man, nor do as one man wills. You do not have to fear hunger or pain, nor surrender your liberty, because a despot threatens you with reprisals. You do not have to chant a dirge to the greatness of a man who, as a tyrant, is only worthy of contempt. Nor do your children depend upon the whim of any one fallible human being as to whether they eat or go hungry, live or die.

Under the Stars and Stripes we have free legislative assemblies. A man can arise within them and declare his opposition to affirmative majorities. Our courts of law can rule against that which is illegal according to our Constitution and our Bill of Rights. The Stars and Stripes is the emblem of our sacred concept of freedom, and under it we do not have to wait for one man to say what we shall do, nor fear his retribution, agonizing and unmerciful as is that of the despotic tyrant.

Under the Stars and Stripes we can sincerely say: "Thank God for America, and God bless our flag.

"For in a troubled world an American can still retain his freedom -- own property, send his children to school, worship as he pleases, express himself, and obtain his news from a free press and radio and television. He is an American."

OUR FLAG

And as my final personal tribute, I wish to say of the disabled and other veterans of World War I and II, and Korea, many of whom are present here tonight, and including those who will not return, that they have paid the more lasting, living tribute to our flag, of having defended "Old Glory" with their very lives.

For it is because of them that our flag flies in triumph from the mastheads of our ships upon the waters of the world's oceans, and in many sacred places upon all the continents of the world as well. For, although at times it has been terribly mangled and horribly scorched, it is nevertheless the loveliest sheet that ever covered a hero upon his bed of glory.

Flanders' Fields

In Flanders' fields the poppies grow
Between the crosses row on row,
That mark our place, and in the sky
The larks still bravely singing fly,
Unmindful of the guns below.

We are the dead, just yesterday we
lived,
Felt dawn, saw sunsets glow;
Loved and were loved. And now we lie
In Flanders' field.

Take up our quarrel with the foe;
To you from falling hands we throw
The torch, yours to hold on high.
If you break faith with us who die,
We shall not sleep, although poppies grow
In Flanders' fields.

— John McCrae

OUR FLAG

Yes, many a bit of foreign soil -- the sunny slope of an Italian hill, a hedgerow in Normandy, the coral beach of a far-off Pacific atoll, or a windswept pass high in the Himalayas, and in Korea, is now and forever will be sacred to America and its flag.

As it greets each new day to resume, each time its vigil over its martyred dead, who are your loved ones, the American eagle upon his rocky crag screams to the dawn that they who would seek to conquer it shall fail; and as it droops its folds at retreat in the gentle breezes of the sunset, it whispers to those who everlastingly slumber beneath its glory: Sleep now, take your rest, and no man shall dare disturb you.

LET US BE

Let us be Americans! One and all
Ready to answer should our country call.
Proud Americans, loyal and true,
Loving the Red and White and Blue.
Let us be Americans, brave and strong
Sworn to protect her from all wrong.
Let us be Americans, honest at heart,
Each one ready to do their part.
Let us be Americans who can say: -
"I love my country, the U. S. A."
Let us be Americans, who want to see
"Old Glory" on the breeze always flying free!

KEEP FAITH

Keep faith with God, mankind, and you.
Make this your theme: Through all your years
Through all your joys and all your fears,
To know the false from true.
Keep faith with them. Believe!

Keep faith! Many cry, "What is life about?"
And believing not and seeing not,
With futility and grief their lot,
While the answer should be to their doubt:
Keep faith with life. Believe!

Keep faith with God, Divinity,
The living God whose breath we are,
Who created earth, moon, sun and star,
Who created faith so we could see.
Keep faith with God. Believe!

Keep faith with man. Essentially good,
Made next to angels, immortal man,
The fount of hope in wisdom's plan,
Who, when believed in, is understood.
Keep faith with man. Believe!

Keep faith with you. God's image true,
One of His children, for so you be,
Whom He loves with boundless charity.
Believe with God and man in you.
Keep faith with them. Believe!

Believe goodness triumphs over wrong,
Keep faith with God and man and you,
And feel in everything you do
Influences which make you strong.
Keep faith with them. Believe!

PREPARE

Within the shadows of antiquity,
During the centuries passed away,
History points to death and carnage
As some despot gained his way;
Recollections of oppression
Showing time on time again
Where the greedy power of tyrants
Cursed the homes of mortal men.

History tells of peaceful nations
Surprised, assaulted and depraved;
They, who lacked eternal vigilance,
By the despot's hordes enslaved.
History teaches one true lesson,
Those prepared always prospered long,
For tyranny born of cowardice
Never seeks to crush the strong.

Within the shadows of antiquity
And from years of yesterday
Even now, as oppression prospers,
This true lesson points the way.
Seek not war! Seek peace with honor!
But, be vigilant! Beware!
Peace and liberty are treasures
To be guarded with great care.

God, who is Father of all creation,
Breathing life into each soul
Inspires every normal human
To make peace on earth his goal.
But the same God in His wisdom
Ever cautions to beware
Of the perverse force of evil
And against it to prepare.

From the shadows of antiquity,
Oh, Land of Liberty,
Learn a lesson for your welfare,
Be prepared to remain free
Against the enemy within your boundaries
Upon your waters, sky and shore
Prepare for peace with all your strength
To avoid the curse of war.

MY NATIVE LAND

My native land, America,
How much you mean to me!
My Nation's flag, the Stars and Stripes,
The emblem of the free.
My Country's boast, an honest boast --
A people's liberty!
When tempest tossed and battle crossed,
Defended: "Thou shalt be."

My native home, America!
In reverent love I hold
The childhood haunts of bygone days,
Where timid youth grew bold.
My Country's gift, a priceless gift,
Of free-born rights for all.
Whilst they abide, may manly pride
Ne'er let thy banners fall!

LET US REMEMBER

Let us remember those who heard Freedom's call
And bravely fell in defense of Liberty;
Let us not forget their heroism through all,
As they sacrificed their lives to keep us free.

Let us remember those who marched away
And died in glory, midst ruthless battle scenes,
Who felt the fiery breath of the thunderous fray--
Our soldiers, sailors, aviators and marines.

Let us remember those who in battle fell,
And others hurled from out a combat sky;
With those who, beneath the eternal rolling swell
Of mighty oceans, in endless slumber lie.

Let us remember those who as soldiers sleep,
And those whose spirits roam tranquil skies above;
With those who dream lulled by the rhythmic deep,
Who gave their lives for others and for love.

Let us remember that life to them was sweet,
And how they relinquished life with all its boon,
To save our land from ignominy and defeat;
Let us remember, e'er we forget too soon.

* * * * *

"There are many who sorrow and never
are heard;
Many, who long for a friendly word."

OUR FOREFATHERS

We Americans have good reasons to rejoice;
For our Forefathers through the years have sown
The vital seeds of humane law, and given voice
For race and creed to obtain its very own.
For Washington, the sponsor of our native land,
With Jefferson, who dared declare, "Be free,"
And vigilant Lincoln, have made determined stand
Against all mad despotic tyranny.

While patriotic legions united for these men,
Builders of democratic commonwealth
Have labored, defending with life and sword
and pen,
Whenever injustice plagued our Nation's health;
And multitudes of men with rifle, axe and flail,
Conquering primal lands and savage hordes,
Have bequeathed to us the motto, "We must not
fail
To cherish all that Liberty affords."

1492 - 1620

The brave Columbus, seeking India, was lost,
When he discovered land at morning's light.
Then the Pilgrims came, by ocean waters tossed
Upon our shores, seeking freedom as their
right.

Poor homeless humans searching for sweet liberty
Embraced it here on virgin soil and clime,
Where North and South by land, and now from
sea to sea,
The Stars and Stripes - their flag - ennoble
time.

1776

When tyranny threatened their freedom with drawn
swords,
The statesman Thomas Jefferson's brave hand
Wrote in bold defiance dynamic, deathless words,
Declaring independence for the Land.
As the enemy armies scoffed his noble boast,
The warrior George Washington arose
And drove their pompous legions from our rockbound
coast,
Uniting thirteen States against their foes.

1789

With all the breed of tyrants they held dispute
In declaration: "It shall ever be
Henceforth a freeman's right to make and execute
Laws for his welfare and his destiny.
For we, the free people of these United States,
Hereby ordain, establish and promote
A true union, where only liberty dictates
True justice and tranquillity," they wrote.

1803

Southwest of us there lay undeveloped domain
Along the Mississippi's wide expanse,
Vast Louisiana, once won from royal Spain,
Belonged to imperial, militant, shrewd France.
Against the intrigue of clever Tallyrand,
Napoleon and De Palma and their skill,
Our Forefathers courageously bought a land
Which now provides for millions free of will.

1819

The Louisiana Purchase was one of gain
And with our Constitution grew apace,
Until thirteen powerful States, all free, now
reign

Where once French wastelands occupied the space,
When the clouds of war were gathering in the South,
Our Forefathers bought from Spanish powers
And silenced with good will the roaring cannon's
mouth
In Floridian paradise, now ours.

1846

Embattled Texans called, and all their commonweal
Became our passion until Mexico,
Driven beyond the Rio Grande, soon grew to feel
We could be trusted "friends" as well as foe,
Then Britain presented determined argument
For lands in westward northern Oregon,
But courage and good will averted discontent.
As the Forty-ninth Parallel was drawn.

1849 - 1865

The curse of cruel war again assailed their day,
Enemy autocrats once more were bold;
But victory in battle at sunny Monterey
Brought golden California to our fold.
Then came a dreadful time of internecine strife,
When all that our Forefathers loved so well--
Our flag and Union, our country's national life,
Stood threatened by civil war's gaunt brutal
hell.

Neighbor to neighbor, kindred to kindred, they
died

On bloody Southern fields of fear and pain;
Men, made to image God, in deadly fratricide
Strewing the land with their heroic slain.
But Freedom arose triumphant from those sad years
Healing the breach with Lincoln's martyr blood,
Who, abolishing slavery's miseries, pains and
tears,
Paid with his life for all our common good.

1867 - 1914

Alaska, a rich domain and vast arctic world,
With all its islands and peninsulas,
Acquired from Russia, saw the Stars and Stripes
unfurled,

As progress conquered wilderness with laws.
While the Panama Canal, precious waterway
Foreseen by a Roosevelt, cheats storm and tide,
Saving countless miles of dangerous ocean spray
For friendly trading nations, far and wide.

1898 - 1918 - 1941 - 1950

The Stars and Stripes has often flown o'er other
lands

When distressed peoples called to it for aid,
While America's sons, to stay some despot's hands
Followed their revered banner, unafraid.
And around the world in every latitude and clime,
Rippled by breezes of every longitude,

Their glorious flag and our flag proclaims through
time

Our liberty beloved for all its good.

Government, Science, Art, Invention, Industry,
Can flourish here, all craftood play its part;
While mankind can worship God, unfettered and free
To choose his faith according to his heart.
A true Democracy is our rich heritage,
A land where equal human rights do bind;
Oh, human generations, born from age to age,
Defend it and preserve it for mankind!

Let us not turn deaf ears to our own precious land
Like Nero strumming while our rights decay;
Let us be active, attacking the tasks at hand,
Like our Forefathers sworn to win the day.
Let us not fail to hold where they have builded
strong,
Ever vigilant, no matter what the woe,
Offering peace to friends who seek to do no wrong,
Yet meeting adversaries blow for blow.

Shall we reject the goal seen through their rugged
toil --

A land where human dignity endures?
Shall we prove true, deserving of this blessed
soil?

Or sluggards only steeped in base allures?
Shall Americans bow down when radicals teach
Philosophies which would enslave our lives?
Awaken, freemen, before too late; awaken, preach
And live our creed; "America Survives!"

Upon unborn generations, reflect the light
Which constituted law bestows on man;
Unto future souls born free, bequeath the right
Of government, with equality as the plan.
Unto all who live and breathe in our fair clime
Grant opportunity for honest bread;
For contented populace knows not the time
For grumbling oaths like those by malice led.

PRAYER

Oh, Father of Humankind, unto Thee we pray:
Guide us from worldly storms of foreign strife;
Lead on your people, e'er Thy gifts to them
decay,
To treasure independence as their life.
Point out the danger when false prophets do
arise
With schemes designed to fool and fleece free
men.
Inspire our leaders to seek the course where lies
Peace, progress and security.

AMEN.

Today, it is a well known fact that evil forces within and without of our country are striving to tear down our flag and destroy our liberty, and leave instead, a form of slavery which is alien to our own truly humane and democratic style of life.

THE CALL

Men of America -- unite! The hour is nigh
For action. Womankind, arise in all your influence,
to guide

Their efforts and encourage them! Stand by!
Help them guard the homes where your future joys
abide.

Awaken, American men! Meet, talk and plan
Your country's good. Forget all enmities for now.
The hour has come to prove each one a laggard
or a man.

Tomorrow may be too late. Its hours may bend
In servitude to tyranny. Do it now.
Forego the smug complacency you dislike to leave.
Think! Men and women! A hair's breadth may
hold decision.

Arise as one great mass of thought, or grieve.
Pledge! We remain free! Enough of hypocrisy's
derision.

The hours you face in the future may be the hours
Between slavery's yoke and joyous years of gain.
Awaken from your apathy! Unite! Realize your
power;

To save your kindred from the agony of pain.
The call to action is at hand. Listen! Hear!
As one united nation you have naught to fear.

J. Edgar Hoover,

Dear Sir:

0 Masters of Deceit

I know you are a buisy man but hope you will take time to read this letter and give it consideration. I also know you are a wise and enfluential man so that is why Im writèing this to you for feel you can and will help.

I know you have already written a book about Communism, The Masters of Conceit, But most people are like myself, (they do not have money to buy the book) or wont take time to get it at a library or even to read it if it was given to them, therefore what Im suggesting is that you go on T. V. fifteen minutes each day and tell the people about the dangers of Communism.

Thousands of people are ignorant to it they haven't the slightest notion of what it is about or the dangers it is to our co and our freedom.

The people of America needs and must be awakened to the danger about us. We proved what our Co. meant to us dureing war with the Naze's now they must know the danger. Now are even worse. If the the people can be made to see it now, they will get buisy again,

So if it is put before them day after day as a regular news telecast millions will begin to see and understand, who now doesnt give it a thought,

News comentator, George Putman has told the people over and over for months the dope situation in Cal. untell the people are becomming aroused and doing things to rid our state of Narcotics. Many people were like me didnt / how really,

serious the narcotic problem was untell Mr Putman enformed us over our T. V.

If the Nation sitting peacefully at home watching T. V. would be jolted out of it every night with a message telling them about the dangers to our way of life and actually our life its self It would be the best thing that could happen to them.

Every one knows about you Mr. Hoover, every one admires your excellant job you have done and are still doing as head of the F.B.I. Im quite sure if people could see you on their T. V. telling them about Communism it would wake them up.

I am just a poor and uneducated woman. I could talk to people of our danger untell my last breath, and very few would listen to me. But you Mr. Hoover would be heard and thought given to what you said, -

I wish I was rich so I could give the money for time on T. V. But if you would talk to Mr Kennedy Im sure he can arrange it,, for Im sure He realizes our Co. danger. Also I think money spent to educate our people about Communism would be well spent. I have heard that Russia spends 40% of her National income for defence and propaganda. Surely we can spend a small percent of our National income to tell the people what danger faces every person in America-

Americans are smart people, but they are like children, and their life is too easy, if they could be made to realize what could and would happen to their easy way of life Im sure most of them would start doing something;

So please Mr Hoover use your enfluence to get a program such as this to going.

Your personality and wise words would make people take notice and soon every one would be waiting each evening to hear you, just as they do Mr Putman here in our Southern Cal. area.

Please forgive me for writing such a long and poorly written letter. But I felt I just had to appeal to someone to tell our people of the dangers of Communism. As I said, I'm just a poor and uneducated woman that no one would listen to, But I have sons and grand children that I want to have a good life and a free one,

And if something can be done to help every American, through the truth It must be done

While I was interested in having the benefit of your comments concerning the matter you discussed, it has always been my policy to refrain from injecting the FBI or myself into problems relating to legislation. Within the Department of Justice, the question as to the desirability or undesirability of legislation is strictly a function of the Attorney General. Attention: Mr. J. Edgar Hoover

Gentlemen:

I have just finished reading your book called "Masters of Deceit". This book has given me a deeper insight into the communist conspiracy. I feel that it should be widely advertised and read.

There are areas in your book, where you indicate that government prosecution was a strong disabling blow against the communist party. The results were that the communist party was driven underground.

Now, if we are at war, and we are, with these ministers of evil, I have a question to ask.

The communist party U.S.A. is openly and feverishly working toward the overthrow of the United States government by force and violence. At the right moment and under the right conditions they would march against our government with force of arms, sabotage and open violence. This is their destiny!

My question is simple and as an american taxpayer I demand to know the answer. I would like you to acknowledge this letter and answer the following question at your earliest possible convenience.

WHY DOESN'T THE F.B.I. ARREST, DEPORT AND INTERN ALL KNOWN HARD CORE COMMUNISTS IN THE U.S.A., WHICH WOULD BE A MAJOR BLOW TO THEIR OPERATION & ORGANIZATION AND ALSO HAVE DESTRUCTIVE REPERCUSSIONS WITHIN THE PARTY?

One of their methods of operation is to put us on the defensive. They call the shots and we react. Are we waiting for "D-day?" I say, "Lets act now." What do you say?

Very truly yours,

Dear Sir:

In regard to your book "Masters of Deceit", I would certainly like to read it. I wrote to our Illinois State Library and was informed that the book was in use.

A friend tried to purchase the book at Marshall Field in Chicago. They had no copies and the sales girl said she didn't think they could order it.

The book "Masters of Deceit" sells for a price of (\$5.00) five dollars and up. However, at the "L" in Chicago, Russian magazines with interesting pictures, are available for 50¢.

I understand that a "pocket edition" of "Masters of Deceit" are available for (50¢) fifty cents, but where? Our drug store in our small town nearby, have ordered 6 copies, but do not know when they will be there or at what price they will sell for.

I would like to ask you, Mr. Hoover, do the pocket editions of "Masters of Deceit" have the same information as the larger "bound" book.

Thank you for taking care of this matter as soon as possible.

Yours truly,

I am glad to learn of your interest in my book, and you might like to know that many sources advise the book has been received with wide-spread acceptance as a study textbook in educational institutions, church circles, civic groups and by citizens who desire to acquaint themselves with the enemy they face.

Enclosed are publications on the subject of communism pursuant to your request.

Mr. Hoover,

I have read your book, "Masters of Deceit" among many, many others. I am very aware of the increasing menace of communism from within. And I want to do all that I can do to fight this menace & possibly wake the people out of their sleep.

The reason for this letter is for a clarification of a statement in your book. "Communism is opposite of liberalism." My interpretation of liberalism today would be right-conservatism.

I know the precarious position that you are in today. Because it is even hard to buy your book or get it in the public library. They say your book "Masters of Deceit" is highly controversial. I do not say this and the only thing that your book would be in controversy with would be the followers of communism.

Please answer my letter about liberals being the same as today's conservatives. A "yes" or "no" would be sufficient.

Any other literature or information on the menace of communism would be appreciated, if possible, considering your busy schedule.

Sincerely,
